The Moore Law Firm is a McAllen, TX insurance litigation firm representing property owners whose storm, hail, water, pipe burst, and fire damage claims have been denied, delayed, or underpaid by insurance companies. We know Texas insurance law inside out—including the bad faith statutes that hold insurers accountable—and we fight to get you the full value of your policy. Insurance companies have adjusters and lawyers working to minimize your payout. We level the playing field. No fee until we win. Website:
